Corporate News

- State Bank of India** has raised over \$1.5 billion from overseas citizens. This program offers attractive returns due to Reserve Bank of India subsidies. Depositors can leverage funds, earning more than their borrowing costs. Banks are expanding outreach to India's large diaspora globally. This initiative echoes a similar plan from 2013.
- JioStar** is integrating generative AI for conversational content discovery and commerce. This technology allows users to find shows and products through natural language interactions. The company aims to shorten the feedback loop between viewer demand and content production. JioStar is also developing an AI studio to create diverse content formats.
- HFCL** plans to invest Rs 950 crore to enhance optical fibre cable production capacity over a period of next two years. While announcing the launch of the HFCL's data centre solution portfolio, OptiQ AI, its managing director Mahendra Nahata said that there is a huge demand for optical fibre cables in the data centre segment, especially in the US, which is driving growth for the industry.
- Axis Bank** has seen three senior executives resign from their positions. These departures add to a significant reshuffling occurring within private sector lenders. Anil Agarwal and Vikas Shinde, long-serving executives, have left the bank. Jimmy Tavadia, group head of trading, also resigned from his role. These changes coincide with the lender reorganizing key corporate banking positions.
- Bharat Petroleum Corporation** has purchased one million barrels of US West Texas Intermediate crude oil. This significant purchase was made via a tender for August arrival. The Indian company acquired the oil from the trading house Vitol. This transaction occurred at a premium of approximately six dollars per barrel. Companies typically do not comment on such commercial matters.
- Dr Reddy's Laboratories** has announced a setback in the distribution of their semaglutide products attributed to out-of-specification batches associated with an active ingredient concern. The firm is actively investigating to identify the source of the problem and is implementing corrective strategies.

Economic News

- Crude Oil traded at US\$ 73.97/bbl (IST 17:00).
- INR strengthened to Rs. 95.39 from Rs. 95.57 against each US\$ resulting in daily change of 0.19%.
- Improved rainfall in July has narrowed the country's rainfall deficit and raised hopes of faster kharif sowing. The overall rainfall deficit had narrowed to 24% in July after widespread showers across several parts of the country. The number of rainfall-deficient districts has also fallen to 178 from 262. India recorded a 38% rainfall deficiency in June, according to the India Meteorological Department (IMD).
- The International Monetary Fund (IMF) on Wednesday marginally lowered India's FY27 growth forecast to 6.4% from 6.5% projected in April, while highlighting that India remains among the world's fastest-growing major economies. The multilateral lender attributed the country's resilience to strong private consumption and services activity.
- The Asian Development Bank (ADB) on Thursday lowered India's GDP growth forecast for FY27 to 6.6% from the 6.9% projected in April.
- India and Australia finalized uranium export administrative arrangements for peaceful purposes. Both nations committed to deepening bilateral energy trade and strengthening supply chains. They will advance energy trade and investment through existing economic agreements. Both countries will support uninterrupted energy product flows and enhance trade. They also agreed to enhance maritime and defense cooperation in the Indo-Pacific.
- Customs duty concessions on electronics manufacturing parts are extended until March 2029. This move supports investments in battery cell manufacturing and advanced electronics assembly. Lithium-ion battery machinery now has expanded eligibility for concessional customs duty. Display assembly components for automotive and medical uses also receive duty relief. Wireless charging components for mobile phones are similarly granted customs duty concessions.
- The Centre approved copra and Totapuri mango procurement for Tamil Nadu farmers. This move aims to shield growers from distress sales due to falling market prices. The government will buy 87,226 metric tonnes of copra at MSP. Additionally, 96,879 metric tonnes of Totapuri mangoes will be procured under MIS. These interventions ensure remunerative prices and protect farmers from losses.
- The Employees' Provident Fund Organisation will auto-process 8.25% interest for FY26 by July 15. This credit will be applied to nearly 340 million members' accounts. A new CITES 2.01 member portal will also be launched simultaneously. The organization has also raised the auto-settlement limit for advance claims to Rs 5 lakh. This new system aims to provide a unified view of member accounts and services.
- The Central Board of Direct Taxes has granted income-tax exemption to NCCL's Core Settlement Guarantee Fund. This tax benefit will continue for assessment years 2019-20 through 2026-27. The exemption ensures continued tax relief under the new Income-Tax Act provisions. This relief remains available as long as the fund files its income-tax returns. The notification removes uncertainty over the tax treatment of this important market safeguard.
